

Baptist College inspection reports

The Ministry Department relates closely to pattern and processes of ministerial training at the Baptist Colleges and elsewhere. As part of this, it participates in the ecumenical Quality in Formation Panel programme which inspects each Baptist College. Inspection reports that have been carried out are found below:

Inspection Reports:

- Regent's Park

The first of the new-style inspections of theological colleges by the Quality in Formation Panel took place in November 2008, and amongst them was the Baptist College, Regent's Park College, Oxford. The Baptist Union is delighted that the inspection found the College 'fit for purpose'. [Click here](#) for more information.

Following the good inspection of Regent's Park College in 2008, the return visit of the Senior Inspector has shown that those developmental aspects indicated in the Report have been fully addressed by the College in the intervening 12 months.

The Baptist Union Ministry Executive is delighted with this good outcome and celebrates with the College the continuing good work it undertakes in the training and formation of Baptist ministers in Oxford. [Click here](#) for the Regent's Park follow-up report.
