Safe To Grow is the main policy and good practice guide published by the Baptist Union on work relating to children and young people. From time it is brought up to date to reflect changes in legislation and developing thinking. These updates are advertised in [Transform](#) .

Taking photos of children: Many people these days are scared of taking and using photos of children in case they are misused. To find out more information please [click here](#) .

Other useful information relating to children and young people can be bought by [clicking here](#) and downloaded by [clicking here](#)
