

European Baptist Federation Mission Group

Written by Mission

This Group encourages mission and evangelism among the Baptist churches and unions of the European Baptist Federation (EBF). It organises an annual Home Mission Secretaries' Conference where experiences of mission and ideas for new ways of evangelism and church planting are shared.

The Group supports and encourages the work of the [Indigenous Mission Project](#) (IMP) of the EBF which supports gifted individuals to plant churches in their own countries.

The Group also undertakes mapping exercises showing the trends in mission across the EBF.
