Ministerial Recognition Rules
PREFACE

THE PURPOSE OF THESE RULES

Baptists have always searched for ways to express their relationships in Christ, more recently adopting a covenantal understanding of the relationship between ministers and the Baptist Union of Great Britain through accreditation. Those who are accredited by the Baptist Union have tested their call by God to ministry in the church through submitting that conviction to the wisdom of the wider church. They have been formed in character, understanding and life to the extent that the Baptist Union can commend them to its churches. They have entered into a covenant with the Baptist Union to live in conformity with the way of life this high calling demands and to receive from the Union such support, recognition and trust as befits those who serve Christ in this way. Accordingly their names are included in the Register of Nationally Accredited Ministers. This covenantal understanding is one of mutual submission to one another as sisters and brothers in Christ (Ephesians 5:21), seeking to serve Christ through ministry in church and world (2 Timothy 4:1-2, 5) in ways that faithfully embody the gospel of Jesus Christ. These rules set out the way in which such women and men are recognised, enrolled, and, where necessity requires, removed from the Register in order to maintain its integrity. All is pursued in order to deepen the life and extend the ministry of the churches, Associations and Colleges of the Union, to the glory of Jesus Christ and the building of his Kingdom.

THE NAMES ON THE REGISTER

Included on the Register are the names of those who are Accredited Ministers. This includes those who are still serving their probationary period. The names are placed there by the Council of the Baptist Union acting through its Ministerial Recognition Committee. All enrolments and removals are made by the Ministerial Recognition Committee (“the Committee”). The criteria for including a Minister in Category 4 are set out in Appendix 1. This appendix is not part of the rules, and may be varied by the Committee.

ENROLMENTS

The qualifications in terms of office and the circumstances in which people serve, are set out in Rule 3. The move from being a Newly Accredited Minister to becoming fully accredited is explained in Rule 5. Arrangements for transferring between categories are set out in Rule 6.

REMOVAL OF NAMES

Names can be removed from the Register for a number of reasons and the way in which this is dealt with is explained in Rule 7 and Appendices 2, 3 and 4. The careful steps required when this is initiated by the Baptist Union are made clear. Appendix 2 sets out some guidelines relating to capability. Appendix 3 sets out the Disciplinary Procedures for Accredited Ministers. Appendix 4 sets out the process to follow where a concern is raised about whether an Accredited Minister is suitable to work with children, young people and/or adults at risk.

CLARITY OF PURPOSE

The hope is that these Rules are clear and that they express one part of the relationship in which Ministers serve with churches for the glory of our God.

- All Ministers on the Register must accept the Declaration of Principle.

- All Ministers on the Register undertaking regulated activity must have an enhanced disclosure issued by the Disclosure and Barring Service, or its appointed agent, stating that the Minister is not unsuitable for work with children or young people and with adults at risk and shall undertake to renew that disclosure on taking up each new appointment and at such regular intervals as the MRC shall determine. All ministers must also have appropriate training in Safeguarding, which is renewed at regular intervals. The training requirements will be determined by the MRC.
• A Minister shall not be enrolled on the Register unless:

4.1 the Minister is a baptised member of a Baptist Church; or a baptised member of an Urban Expression Team.
4.2 normally the Minister is at least twenty-one years of age at the date of enrolment, and

The name of a Minister shall be removed from the Register if any of the following circumstances exist.

• The Minister has asked for his or her name to be removed from the Register.

• The Minister has been found not to be suitable to work with children, young people and/or adults at risk as provided for in Appendix 4.

• The Minister fails or refuses to renew an Enhanced Disclosure as required by the MRC

• The Minister fails or refuses to undertake safeguarding training as required by the MRC.

• The Minister ceases to serve in a Qualifying Office.

• The Minister, in the opinion of the Committee, has failed to demonstrate adequate covenantal relationship with the Union.
• In the opinion of the Committee, it is not appropriate for the Minister to be transferred to or remain in Category 4.

• The Minister has been found to lack sufficient capability to be able to commend them to churches as provided for in Appendix 2.

• The Minister has been found to have engaged in gross misconduct by a subcommittee of the Committee as provided for in Appendix 3.

Before removing the Minister’s name, with the exception of gross misconduct, the Committee shall give the Minister an opportunity (to be responded to within fourteen days written notice being given to the Minister) to make representations either in writing or in person to the Committee.

8 REINSTATEMENT ON THE REGISTER

The MRC shall determine all applications for reinstatement on the Register in any category by a special vote.

The minister must accept the Declaration of Principle and meet the requirements laid out in section 4 above, regarding safeguarding and DBS disclosures.

The circumstances that led to removal from the register will determine the process to be followed.

• A Minister who left in good standing and is now seeking to be reinstated may be interviewed by the Association MRC, (or a subcommittee), for the Region where they are living; who will make a recommendation to the national MRC.

• A Minister whose name was removed for gross misconduct, who resigned part way through an investigation, or where there were questions over their suitability for ministry will need to attend a reinstatement sub-committee of the national MRC. (Where there is a question over the appropriate route this should be raised with the Ministries Team Leader, or their deputy, who with the Moderator of the MRC will determine which committee should consider their application)

• The reinstatement sub-committee will have access to all relevant information held within the minister’s file, so that they can be as aware as possible of the concerns and circumstances which led to the Minister being removed / resigning. If there are subsequent concerns which are known about by the Ministries Team / Regional Teams which would be relevant to the decision to reinstate these will also be made available.

• If the minister was removed due to a safeguarding issue the National Safeguarding Officer will provide the sub-committee with a report and recommendation. In order to produce this recommendation an Independent Safeguarding Panel may be convened or a risk assessment may be commissioned at the applicants expense. An expert with relevant safeguarding experience must be part of the sub-committee in these circumstances.
• The subcommittee must be satisfied that all the requirements of the disciplinary process have been met, and that there are no ongoing causes for concern.

• The decision to reinstate should only be made if the sub-committee are clear that in their opinion the individual is once again someone who is suitable to be commended to the churches for ministry. A decision can be deferred to a later occasion if further clarification or work is required first.

• The MRC will determine the normal time required before an individual who has been turned down for re-instatement can re-apply.

9 EXCEPTIONAL CASES

The Committee may:

• In any exceptional case vary, extend, or give exemption from the operation of the Rules by Special Vote, provided always that in exercising their discretion the Committee will abide by the Union’s safeguarding policies.

• Make special arrangements with the Baptist Unions of Scotland and Wales as regards ministers recommended by these Unions.

10 ALTERATION OF THE RULES

No amendment or alteration of the Rules shall take effect unless approved by a resolution of the Council passed by the vote of at least two thirds of the members of the Council present and voting and approved by the Trustees.
APPENDIX 1

CRITERIA TO BE APPLIED WHEN A MINISTER WISHES TO BE LISTED ON THE REGISTER IN CATEGORY 4 AND CATEGORY 1 SUB-CATEGORY 1.7

1 Category 4.1 allows accredited Ministers to be seconded to work with another organisation eg another denomination or network of churches, a parachurch organisation, a charity working in the 3rd sector with ‘kingdom’ values etc. This could include serving overseas with a suitable organisation.

1.1 Before granting approval the Ministerial Recognition Committee shall ascertain that:
1.1.1 normally, the Minister has completed satisfactorily the required period of probationary service in a Qualifying Office;
1.1.2 normally, the Minister is in membership of a Baptist Church, in membership with the Union and fulfils all the conditions of the Rules, and
1.1.3 the Minister will be fulfilling a ministry that in the opinion of the Ministerial Recognition Committee is a valid expression of a call from God.

1.2 The Committee may give approval for up to five years from the date of the meeting. The Minister needs to recognise that renewal of the decision by the Ministerial Recognition Committee will be on the basis of the criteria set out above.

1.3 Having been granted approval the Minister undertakes to inform the Ministries Team of any subsequent change of circumstances, address and/or church membership; and to keep in contact with their Regional Association.

2 Category 4.2 also allows accredited Ministers to remain on the register while they seek to live out their calling to ministry, but their particular circumstances mean that they are unable to undertake a role which meets our normal criteria for remaining on the register. This is distinct from Leave of Absence which allows a minister time and space to consider their future. The intention is not to simply hold Ministers who are not in qualifying office on the list indefinitely. There must be a positive reason for taking this step. Examples of possible circumstances could be: enabling an accredited spouse to respond to a call, beginning new pioneering work before a clear role has emerged, undertaking additional training to enable future ministry etc.

2.1 Before granting approval the Ministerial Recognition Committee shall ascertain that:
2.1.1 normally, the Minister has completed satisfactorily the required period of probationary service in a Qualifying Office;
2.1.2 normally, the Minister is in membership of a Baptist Church, in membership with the Union and fulfils all the conditions of the Rules, and
2.1.3 the Minister is seeking to live in a way that in the opinion of the Ministerial Recognition Committee is a valid expression of a call from God. This discernment will consider the formation marks of ministry, and in particular, the mark ‘Kingdom focused’.

2.2 The Committee may give approval for up to five years from the date of the meeting. The Minister needs to recognise that renewal of the decision by the Ministerial Recognition Committee will be on the basis of the criteria set out above.
2.3 Having been granted approval the Minister undertakes to inform the Ministries Team of any subsequent change of circumstances, address and/or church membership; and to keep in contact with their Regional Association.

3 Category 1 Sub-category 1.7 allows ministers to serve in other appropriate ministries with the approval of the Committee. This will apply to Ministers who are engaging in ministry, but there is not a suitable organisation to second them to. This could include being a spiritual director, a pastoral supervisor, engaging in a portfolio of ministries....

3.1 Before granting approval the Ministerial Recognition Committee shall ascertain that:

3.1.1 normally, the Minister has completed satisfactorily the required period of probationary service in a Qualifying Office;

3.1.2 normally, the Minister is in membership of a Baptist Church, in membership with the Union and fulfils all the conditions of the Rules,

3.1.3 there are suitable supervision and/or accountability structures in place, and

3.1.4 the Minister will be fulfilling a ministry that in the opinion of the Ministerial Recognition Committee is a valid expression of a call from God.

3.2 The Committee may give approval for up to five years from the date of the meeting. The Minister needs to recognise that renewal of the decision by the Ministerial Recognition Committee will be on the basis of the criteria set out above.

3.3 Having been granted approval the Minister undertakes to inform the Ministries Team of any subsequent change of circumstances, address and/or church membership; and to keep in contact with their Regional Association.

4 These criteria are not part of the Rules and may be varied as determined from time to time by the Committee.
APPENDIX 2

CAPABILITY PROCEDURES

The Union recommends to its churches an appraisal and capability procedure that enables the removal of a minister on the grounds of incapability through incompetence. This procedure enables a fair process to be enacted that protects ministers from unjust removal, but also enables churches to dismiss those who prove unable to meet the reasonable requirements of that church for capable ministry and have not been able to remedy such shortcomings or failings after reasonable levels of support over an appropriate time span.

The removal of a minister from an office as pastor, youth specialist or evangelist on the grounds of incapability may also generate a Ministerial Recognition Capability Hearing to assess whether the loss of confidence expressed by the local church represents a wider concern over the capability of that minister to offer competent ministry in any context. Such a Hearing may recommend to the Ministerial Recognition Committee that a minister’s name be removed from Categories 1 to 4 in the Register on the grounds of incapability. It may be appropriate to continue to include the minister’s name in category 5 (retired ministers) where age allows. This shall not normally be applied below the age of 60.

Under exceptional circumstances, a Minister’s name may be held on the Register following a Capability Hearing’s recommendation for removal, where infirmity or permanent ill health renders them incapable of exercising ministry, and where an act of pastoral generosity by the Ministerial Recognition Committee wishes to honour the effective ministry previously offered before the loss of capability was recognised. They will be held in Category 4 for the duration.

A minister whose name has been removed from the Register on the grounds of incapability will be given 14 day’s leave to register an appeal against that decision upon receipt of the letter informing them of the decision of the Committee.

The appeal shall be heard by a sub-group of the Ministerial Recognition Committee appointed for that purpose by the Moderator of the Committee in consultation with the Ministries Team Leader or their deputy. The findings of that sub-committee shall be final.

A minister whose name has been so removed may seek re-instatement onto the Register upon demonstration of a recovery of their ability to offer capable ministry after a minimum of 5 years has passed since their removal. A Re-instatement Sub-Committee of the Ministerial Recognition Committee shall be appointed to hear such an appeal and make its recommendations to the full Committee.
APPENDIX 3

DISCIPLINARY PROCEDURES FOR ACCREDITED MINISTERS

1 Purposes and Scope

1.1 All ministers are encouraged to live out their call from God in consistent patterns of conduct and appropriate professionalism. These procedures concern those who fall short of these high standards. Depending upon the context of their current appointment other disciplinary procedures may apply; this document relates to the Register of Nationally Accredited Ministers. The aim is to ensure consistent and fair treatment for all.

1.2 This procedure is not to be used in relation to capability issues.

1.3 The procedures apply to the Ministries Team’s processes, dealing with a minister’s accreditation whether a minister is an office holder in a church or organisation or employed in a seconded ministry or retired or otherwise whose name is on the Register. There are separate procedures recommended to be applied to the minister’s relationship with the church in which office is held.

1.4 The procedures cannot cover every eventuality and the Baptist Union reserves the right to alter the process where appropriate depending on the circumstances of any particular case.

2 Principles

2.1 The disciplinary process is started by:
A formal written and signed complaint is received, or
A Regional Team Leader or College Principal raises serious concerns regarding conduct that would be at least serious fault with the Ministries Team Leader or Deputy Team Leader, or
A serious concern is raised with the Ministries Team Leader or Deputy Team Leader by the National Safeguarding Team, a statutory authority or another professional person with relevant information (counsellor, etc)

2.2 No disciplinary action will be taken against a minister until the case has been fully investigated. However, if a minister makes a self-disclosure to a Regional Minister or the Ministries Team Leader or Deputy Team Leader the issue of discipline may be considered without the need for a full investigation.(see 3.10)

2.3 The minister will be advised of the nature of the complaint against him or her and will be given the opportunity to state their case before any disciplinary decision is made.

2.4 The minister will have the right to be accompanied by a minister or another person during a disciplinary hearing. This includes, where appropriate, a Trade Union representative, but excludes legal representation.

2.5 No minister will be removed for a first breach of discipline except in the case of gross misconduct when the penalty will be removal from the Register of Nationally Accredited Ministers.
2.6 A minister will have the right to appeal against any disciplinary action imposed.

2.7 The procedure may be implemented at any stage if the alleged misconduct warrants such action.

At all stages, it is important to ensure that information is only given to those who need to know, and that those involved realise the need for confidentiality. Breach of confidentiality could undermine both the processes and the minister involved.

3 Processes and Investigations

3.1 The purpose of an investigation is for the Baptist Union to establish a fair and balanced view of the facts relating to any disciplinary allegations against a minister, before deciding whether to proceed with a hearing. The amount of investigation required will depend on the nature of the allegations and will vary from case to case. It may involve interviewing and taking statements from the minister and any witnesses and collating relevant documentation.

3.2 An investigation into complaints of serious fault or gross misconduct will usually be led by either a Regional Minister or an investigator reporting to the Ministries Team Leader.

3.3 The person appointed to investigate, will consider with the Ministries Team Leader, or their deputy, whether the minister concerned needs to be suspended from the Register of Nationally Accredited Ministers at the outset and during the course of the investigation. The decision to suspend will be taken by the Ministries Team Leader and reported to the Moderator.

3.4 Suspension should not be a “kneejerk” reaction to allegations of gross misconduct and consideration should be given as to whether the Minister can remain on the Register of Nationally Accredited Ministers during the course of any investigation. Those considering suspension should weigh up the risks involved in the person continuing on the Register during the investigation.

3.5 Suspension from the Register will not automatically lead to a suspension from the office held by the Minister. Suspension from office would be a decision for the Church Officers, usually guided by the appropriate Regional Minister.

3.6 The investigator will write a report of their investigations and findings and send it to the Ministries Team Leader, or their deputy.

3.7 If the person investigating concludes that a prima facie case has been made which suggests that a serious fault or gross misconduct may have taken place, the Ministries Team Leader, or their deputy will determine whether the minister will be given 14 days to consider accepting a serious fault or they are given 14 days to consider accepting gross misconduct has taken place.

3.8 If the Minister accepts the findings of the investigation they will be required to attend a meeting with the Ministries Team Leader, or their deputy, who will explain the implications
of the findings. If gross misconduct is accepted they will be asked to consider resigning from the Register. If serious fault has been accepted appropriate requirements may be imposed, for example supervision or training.

3.9 Where the person does not accept the findings of the report, or fails to follow through on any actions in 3.8 above, they will be invited to a disciplinary hearing before a sub-committee of the Ministerial Recognition Committee to consider whether serious fault or gross misconduct has taken place and whether a final warning or removal from the Register of Nationally Accredited Ministers is appropriate.

3.10 In cases where a minister makes a self disclosure to a Regional Minister or the Ministries Team Leader or Deputy Team Leader the issue of discipline may be considered without the need for a full investigation. Instead the matter may be dealt with under 3.8 but with their Regional Minister present. The notes of this meeting will remain on the confidential section of their file. If the minister does not accept the outcome of that meeting an investigation will take place and normal process will be followed from 3.7. If the Ministries Team Leader deems it necessary an investigation will be carried out prior to any disciplinary action.

3.11 If at a later date a formal complaint against a minister who had been disciplined under 3.10 (without an investigation) is received relating to the same incident no new disciplinary action will be taken unless there is significant new evidence which would have resulted in more serious disciplinary action being taken. The process to determine if the complaint should be considered will be that the Ministries Team Leader will draw up a report for the Moderator and 2 other members of the MRC who will determine if an investigation should be undertaken.

3.12 If a minister chooses to resign partway through an investigation then the Ministries Team Leader in consultation with the Moderator will have the discretion to record a decision about future accreditation, which may include presentation of the information at that point to the MRC or consideration by a sub-committee. On an application for reinstatement to the register, this information would be made available to the Reinstatement Committee.

4 Types of Disciplinary Issue

4.1 Minor Faults

Minor faults will be dealt with by a conversation with either the appropriate Regional Minister or, exceptionally, the Ministries Team Leader or their deputy after an investigation appropriate for the nature of the allegations. If the Ministries Team Leader, or their deputy, conduct the investigation, the conversation may be noted on the Minister’s file. The aim is to help the minister become aware of a potential failing and assist them to address their behaviour. If the minister holds office in a local church, these notes may also be kept by the church, normally in the keeping of the Church Secretary.

Examples of minor faults might include:

- Persistent failure to keep appointments
• Inappropriate response in a conflict situation or loss of temper on more than one occasion
• Use of improper language in public duties

This list is not exhaustive.

There is no right of appeal over a decision to note a minor fault on file as it is not regarded as a disciplinary sanction.

If the fault remains unacknowledged by the minister and there are further incidents the Minister may be investigated to consider whether the conduct amounts to a serious fault or gross misconduct.

4.2 Serious Faults and Inappropriate Behaviour

While dealing with minor faults is primarily intended to help a minister be aware of difficulties that might, in due course, lead to more serious consequences, handling serious faults is intended to also indicate censure of behaviour that is inappropriate, whilst falling short of the seriousness of gross misconduct (for which removal from the Register is the usual result). Normally, for these serious faults, dismissal from post and removal from the Register is not appropriate, and support is to be sought in post to address the behaviours identified. If the minister holds office in a local church, these notes may also be kept by the church, normally in the keeping of the Church Secretary.

Examples of serious faults might include:

• Conducting ministry while intoxicated, even if not incapable.
• Disclosure of confidential information received in the pastoral office, except where required to do so under law.
• Use of inappropriate language of a sexual nature with adults.
• Persistent loss of temper

This list is not exhaustive

4.2.1 Where a serious fault is deemed to have occurred, a Final Warning will be given to the minister. This will give details of the complaint, the improvement required, any required supervision and training and the time scale. It will warn that action under paragraph 4.3 will be considered if there is no satisfactory improvement or non-compliance with the requirements and will advise of the right of appeal. A note of the Final Warning will be kept by the Union but it will be disregarded for disciplinary purposes after two years (in exceptional cases the period may be longer) subject to satisfactory conduct.

4.2.2 If during the appropriate period there is still a failure to change behaviour, the person will be invited to a hearing before a subcommittee of the Ministerial Recognition Committee to consider whether, in weighing the evidence on the balance of probabilities, they should be removed from the Register for gross misconduct.

4.2.3 Any minister who is removed from the Register will be provided with written reasons for removal, the date on which registration will be terminated and be informed of the right of appeal.
4.3  **Gross Misconduct (formerly known as Unbecoming Conduct)**

Gross misconduct will be that which is considered to be contrary to the good conduct expected of those who hold office in the church, or which brings or could bring both themselves and the church or the Christian community into disrepute. The Ministerial Recognition Committee will arbitrate and determine whether conduct is gross misconduct, but the guidelines indicate that the following behaviours and practices would normally be deemed gross misconduct:

- Criminal activity being proven that results in a serious offence leading to a custodial sentence.
- Sexual harassment of a church member or staff member.
- Persistent and deliberate accessing of pornography.
- Sexual misconduct which brings the church and ministry into disrepute. NB This specifically includes sexual intercourse and other genital sexual activity outside of marriage (as defined exclusively as between a man and a woman).
- Violent, abusive or bullying behaviour towards others.
- Domestic abuse, including physical, emotional and mental abuse.
- Fraud, financial impropriety and theft.
- Assisting, encouraging or coercing someone with whom they have pastoral contact to include them as a beneficiary of their Will.
- Activity that is contrary to safeguarding legislation, including deliberate grooming of young people or adults at risk with a view to improper conduct.
- Unlawful discrimination or harassment.
- Bringing the cause of the Gospel or the Baptist Union into serious disrepute
- Serious breach of confidence
- Making a disclosure of false or misleading information to others, in bad faith
- Failing to follow reasonable requirements of the Ministerial Recognition Committee relating to conduct.
- Failing to follow the requirements of suspension, while their accreditation is suspended.

The list of examples is not exhaustive.

**Note:**

- Divorce, separation and remarriage should not automatically lead to removal from the Register but should be reported to the Ministries Team Leader, or their deputy. Ministers should take note of the fact that the MRC considers ministers to be married until such point as their decree absolute has been granted, and it is not appropriate to begin a new relationship prior to that. Likewise, ministers should not start a relationship with someone who is still married and has not completed their divorce. Both these contexts would normally be considered as gross misconduct. A new relationship can be defined as *‘becoming emotionally attached to another individual, in what’s becoming an exclusive relationship, which has the potential to move on to marriage or a similar long-term relationship; appearing to others to be a relationship.’*
• Homosexual orientation (whether male or female) is not of itself a reason for exclusion from Ministry, but homosexual genital practice is to be regarded as gross misconduct.

• Where a subcommittee of the Ministerial Recognition Committee concludes that gross misconduct has taken place the minister will be removed from the Register and the Ministerial Recognition Committee will be informed of their removal. The Minister will be provided with written reasons for their removal, the date on which registration will be terminated and will be informed of their right of appeal.

5 Appeals

5.1 Any minister who wishes to appeal against a disciplinary decision following a disciplinary panel hearing should write to the Ministries Team Leader within 21 days of the hearing. They should submit an application for appeal that outlines the basis for their appeal and the appropriate documentary evidence to support it. Appeal hearings will only be allowed if there was a procedural issue that may have led to a different outcome or where there is further evidence that was not presented to the panel that may also have led to a different outcome.

5.2 The Ministries Team Leader will consider the application for an appeal. If they are content that there is a basis for the appeal they will contact the Moderator of the Ministerial Recognition Committee and ask them to arrange an appeal hearing with a different subcommittee of the Ministerial Recognition Committee.

5.3 If the Ministries Team Leader finds no basis for the appeal they will present a report to that effect and the application for an appeal to 3 members of the Ministerial Recognition Committee who have not been involved in the case. They will determine if a new panel should be called or whether they uphold the view that there are not sufficient grounds for an appeal. If they agree to the appeal they will contact the Moderator of the Ministerial Recognition Committee and ask them to arrange an appeal hearing with a different subcommittee of the Ministerial Recognition Committee.

5.4 If the appeal relates to the actions of the Ministries Team Leader the appeal will be referred to the General Secretary who will follow the process of 5.2 and 5.3.

5.5 The sub-committee reserves the right to take appropriate legal advice and request legal representation. The appeal decision will be final.

5.6 This document refers only to the process for determining accreditation. Parallel disciplinary and grievance processes would determine employment by an Association, for Regional Ministers; by a College, for a College Tutor or Principal; and by the Baptist Union of Great Britain, for its own employees who may or may not be Accredited Ministers. For the process recommended to churches with accredited ministers, see the recommended disciplinary process for churches.

6. If a Minister’s name has been removed from the Register for gross misconduct, reinstatement will not normally be considered for a period of less than five years from the removal of the name from the Register. This period begins at a meeting with the Ministries Team Leader to acknowledge fault and to agree a process which may lead to re-instatement.
Where the reason for removal is that a minister has had an affair and they have continued the relationship and subsequently married the individual, the re-instatement process will not normally begin until a period of 5 years has passed. If they wish to seek re-instatement they will meet with a sub-committee of the MRC, who will determine if a process for re-instatement is possible, and if so, agree the process required. The final decision will still rest with the re-instatement committee (See section 8 of MR Rules).
APPENDIX 4

POLICY FOR UNDERTAKING RISK ASSESSMENTS FOR ACCREDITATION OR NATIONAL RECOGNITION

**Purpose** – there are situations where it is necessary for a safeguarding risk assessment to be undertaken to determine the suitability of an individual either to be enrolled or remain as an accredited or nationally recognised person. This would include, but is not limited to:

1. Receipt of a blemished enhanced disclosure
2. Receipt of a blemished self-disclosure
3. Information from a reference
4. Information from the police or social services
5. Information obtained during a complaint process

**Process** – The Ministries Team Leader will consult with our National Safeguarding Team, and will if necessary ask them to undertake a risk assessment following the process laid down for assessing blemished enhanced disclosures. (Blemished enhanced disclosures are always reviewed.) They will produce a risk assessment report outlining impact of the safeguarding concern on the suitability of the individual to engage in ministry and if they are considered suitable, any requirements for managing and monitoring which need to be put in place.

If a blemished enhanced disclosure has been considered, the MR Rules require that the conclusion of the report is that they are ‘not unsuitable to work with children, young people and adults at risk’, in order for them to become or remain accredited/nationally recognised.

Following receipt of the report the Ministries Team Leader will take one of the following courses of action:

1. If the individual is accredited/nationally recognised and no longer suitable for ministry, the MRC will remove their name from the register.
2. If the individual is applying and is considered unsuitable for ministry, the Association will be informed that the application cannot progress.
3. If the recommendation is that actions need to be taken to manage and monitor the individual to enable them to engage in ministry, they will be given the opportunity to accept the outcome. If they fail to accept or abide by the recommendations, the Ministries Team Leader will convene a sub-committee of the MRC to consider the situation following appendix 3, point 3.6 onwards, of the MR Rules. They will also consider suspending accreditation/national recognition pending the outcome of the process.
4. If there is a need to manage and monitor the individual, appropriate steps will be taken to make sure that there is local knowledge and accountability and that this can be sustained over time.

**Appealing the risk assessment** – The appeals process for individuals who have not yet been enrolled on the register will normally follow the Blemished Disclosure Appeal Process. The applicant must submit a note of appeal to the National Safeguarding Team, which will be sent to two members of the National Safeguarding Contacts Group, along with the original risk assessment. They will review
the risk assessment separately and submit their views to the National Safeguarding Officer who will discuss their conclusions with them before communicating the final decision to the applicant. The actions above will be subject to the outcome of any appeal. Those who are already in ministry and therefore at risk of no longer being accredited, can ask the Ministries Team Leader to arrange for an independent safeguarding specialist, to review the risk assessment, at their own expense. This would replace the process of two members of the National Safeguarding Contacts Group undertaking the appeal. If the reviewer disagrees with the conclusions of the original assessment, the National Safeguarding Team will re-consider their original conclusion. If there continues to be a divergence of opinion the matter will be referred to a sub-committee of the MRC for decision over the question of accreditation and any conditions being put in place.
