

## Useful Resources for churches supporting those who have experienced abuse

We know that there are many people within our church families and our wider communities who have experienced abuse. Whilst we may be in a position to provide excellent pastoral support or prayer it is helpful to be able to signpost people to other organisations who have specialist skills that are sometimes needed. You will find details of some of these organisations at the back of the Baptist Union guides, *Supporting Those Who Have Experienced Abuse* and the *Guide to Domestic Abuse* which can be reached from the main page.

If you need further advice and support in this area then please contact your regional association Safeguarding Contact or Safeguarding Lead.
